

The New Real Estate System Smart Phone and Google Optimised

A WEBSITE DESIGNED TO GET YOU
FOUND IN THE NICHE IN YOUR AREA.

We have been creating websites for various industries since 2000.

Our new Real Estate system is designed to work for single

agents or many. Utilising new efficient versions of Google Maps. Includes our unique Google enhanced Facebook application.

“We researched existing systems for our clients and were often disappointed with the systems approach to Google.”

As an individual agent, branch or firm a website that takes advantage of Google searchers is a must.

Smart phone friendly—super fast loading.

Quick to use and learn.

Includes a fully customized site \$ 3300 and low monthly fees starting at \$99 (up to 50 listings).

This price includes ongoing support and optimisation to keep you in the Google organic listings—we are working on your success. Built by Search Engine Optimisation experts.
